

A Course in Miracles Study Group

"A Course in Miracles" (ACIM) is a spiritual training discipline designed to promote individual study of spiritual themes. It is divided into three sections, "Text," "Workbook for Students" and "Manual for Teachers." Together they form an interlocking learning process that leads us closer to our spiritual goal of finding our own Internal Teacher.

Each week, this ACIM Study Group will read and discuss one chapter of the Text and, possibly, sections from the Workbook for Students and Manual for Teachers as time permits. Since the Course is individual and nonlinear, students may begin at any point of study and any level of spiritual development.

In exchange for providing us with meeting space, we ask that students pay Ahlara \$5 per person per session attended.
